

# Certificate of Data Erasure

Enterprise Data Erasure Compliance Document

ERASURE STATUS: PASS

## Device Information

|               |                             |
|---------------|-----------------------------|
| Serial Number | 88IB7383K5SP                |
| Manufacturer  | TOSHIBA                     |
| Model         | KSG60ZMV256G M_2 2280 256GB |
| Capacity      | 256GB                       |
| Device Type   | sata_ssd                    |
| Form Factor   | M.2                         |

## System Information

|               |                         |
|---------------|-------------------------|
| System Serial | 7M3G2P2                 |
| Manufacturer  | Dell Inc                |
| Model         | Latitude 3390 2-in-1    |
| Chassis Type  | Convertible             |
| Memory        | 8.0GB                   |
| Processor     | Core i5 8350U @ 1.70GHz |

## Erasure Details

|                    |                                              |
|--------------------|----------------------------------------------|
| Method             | NIST 800-88 rev1                             |
| Result             | Pass                                         |
| Grade              | N/A                                          |
| Health Score       | N/A                                          |
| Duration           | 0 hrs 0.3 min                                |
| Erasure Date       | 2026-05-06                                   |
| Software           | XERASwin                                     |
| Version            | 14.36.0                                      |
| Certification Hash | db8621fc 38a94000 1a0308dc 084503c3 875b11d4 |
| Failure Reason     | N/A                                          |

This certificate confirms that the above device has been processed in accordance with the specified data erasure standard. The certification hash verifies the integrity of the erasure process.
