

# Certificate of Data Erasure

Enterprise Data Erasure Compliance Document

ERASURE STATUS: PASS

## Device Information

|               |                   |
|---------------|-------------------|
| Serial Number | ND03N843310303Q48 |
| Manufacturer  | HYNIX             |
| Model         | PC601 256GB       |
| Capacity      | 256GB             |
| Device Type   | nvme_ssd          |
| Form Factor   | M.2               |

## System Information

|               |                         |
|---------------|-------------------------|
| System Serial | 8H17L33                 |
| Manufacturer  | Dell Inc                |
| Model         | Latitude 7400           |
| Chassis Type  | Laptop                  |
| Memory        | 16.0GB                  |
| Processor     | Core i5 8365U @ 1.60GHz |

## Erasure Details

|                    |                                              |
|--------------------|----------------------------------------------|
| Method             | NIST 800-88 rev1                             |
| Result             | Pass                                         |
| Grade              | N/A                                          |
| Health Score       | N/A                                          |
| Duration           | 0 hrs 0.2 min                                |
| Erasure Date       | 2026-05-07                                   |
| Software           | XERASwin                                     |
| Version            | 14.36.0                                      |
| Certification Hash | bf338fd9 3d57cd83 807ccc27 1964e178 81c28c66 |
| Failure Reason     | N/A                                          |

This certificate confirms that the above device has been processed in accordance with the specified data erasure standard. The certification hash verifies the integrity of the erasure process.
